PROFESSIONAL SUMMARY

Results-driven **QA Automation Engineer with 6 years of experience in Automation Testing, Manual Testing, and Performance Testing** of web and desktop applications. Strong expertise in **Java, Selenium WebDriver, TestNG, Cucumber, Maven, Git, Jenkins, and API Testing**. Experienced in designing automation frameworks, test planning, test execution, **defect management, Functional, Regression, Integration, and UAT Testing**. Skilled in **Agile/Scrum methodologies, SDLC, STLC, CI/CD** practices, and delivering high-quality software solutions through effective collaboration with cross-functional teams.

TECHNICAL SKILLS:

- **Automation Testing:** Selenium WebDriver, TestNG, Cucumber (BDD), Maven, Page Object Model (POM), Hybrid Framework, Data-Driven Framework
- **Programming:** Java (OOP, Collections, Exception Handling), SQL
- **Testing:** Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, Integration Testing, System Testing, UAT, Cross-Browser Testing, Parallel Testing
- **API & Database Testing:** Postman, REST API Testing, SQL Validation
- **Tools:** Jira, Bugzilla, Zoho, Jenkins, Git, GitHub, JMeter
- **Methodologies:** Agile/Scrum, SDLC, STLC, Defect Life Cycle, Automation Test Life Cycle (ATLC)
- **Performance Testing:**
Apache JMeter, Load Testing, Stress Testing, Scalability Testing, Response Time Analysis

PROFESSIONAL EXPERIENCE:

EDIFIXIO INDIA PVT. LTD. || Senior Associate – QA Engineer || March 2022 – Present

Client: Schneider Electric

Project: UlaaS Seamless – Enterprise E-commerce Platform

Project Description:

Enterprise e-commerce platform supporting multiple countries for product ordering, pricing, delivery tracking, and invoice management.

Responsibilities:

- Analyzed BRD and FRD documents and created **test scenarios, test cases, and test execution plans**.
- Designed and maintained automation scripts using **Selenium WebDriver, Java, TestNG, Maven, and POM**.
- Performed end-to-end testing of product search, pricing, availability, order processing, payment, delivery tracking, and invoice workflows.

- Executed **Functional, Regression, Smoke, Sanity, Integration, and System Testing**.
- Performed API testing using **Postman** and validated backend responses.
- Performed database validation using SQL queries to ensure data accuracy and integrity.
- Created and maintained **Requirement Traceability Matrix (RTM)**.
- Managed defects using **Jira**, including logging, tracking, **retesting, and regression validation**.
- Prepared test execution reports and provided testing status updates to stakeholders.
- Participated in **Agile ceremonies including Sprint Planning, Daily Stand-ups, Sprint Reviews, and Retrospectives**.
- Collaborated with Developers, Business Analysts, and Product Owners to ensure quality delivery.

GLOBUSSOFT TECHNOLOGY PVT. LTD.

QA Engineer || December 2019 – March 2022

Project: Socinator

Application: Windows Desktop Application (.NET)

Project Description:

Windows-based social media automation application used to manage and schedule activities across platforms including Instagram, Facebook, YouTube, Twitter, Pinterest, LinkedIn, Quora, Reddit, and Tumblr.

Responsibilities:

- Created and executed **manual test cases for functional and UI testing**.
- Performed **Functional, Regression, Smoke, Integration, System, UAT, and API Testing**.
- Conducted API validation using Postman for application integrations.
- Performed requirement analysis, test case design, execution, **defect reporting, and retesting**.
- Logged and tracked defects using **Jira** and collaborated with developers for resolution.
- Participated in peer reviews, QA sign-off activities, and release validation.
- Worked in **Agile/Scrum** environment with cross-functional teams.
- Prepared test reports and execution status updates.

AUTOMATION & QUALITY ENGINEERING

- Experienced in **automation feasibility analysis, framework implementation, test data preparation, and object repository management**.
- Skilled in **automation script development**, execution, debugging, validation, and defect handling.
- Knowledge of **Maven integration for dependency management and optimized test execution**.
- Participated in code reviews, defect analysis, troubleshooting, and continuous improvement activities.
- Experience in performance testing concepts using **Apache JMeter**.

CERTIFICATION

Certified in Manual & Automation Testing (Java, Selenium, SQL) QSpiders, Bangalore

EDUCATION : - Bachelor of Technology (B.Tech) – Electrical Engineering

Gandhi Institute of Technology & Management (GITAM)

Biju Patnaik University of Technology (BPUT)
